

Electricity disclosure

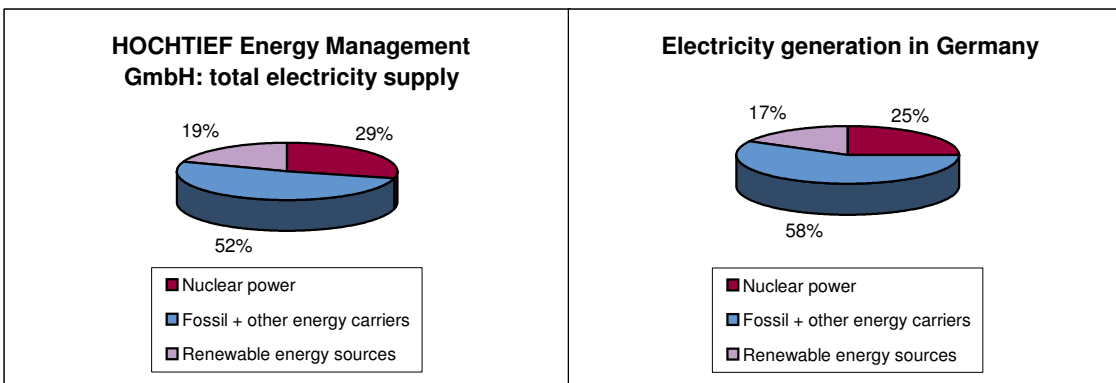

In line with Section 42 Para 1-4 of the Law on the Fuel and Electricity Industries of July 07, 2005

Energy carrier mix HOCHTIEF Energy Management GmbH for the procurement year 2009 UCTE Europamix

As from December 15, 2005, utilities are legally obliged to label the electricity they supply. This stipulation means that all electricity suppliers must inform their customers of the origin of the electricity they have used in the previous calendar year.

Energy carrier mix	HOCHTIEF Energy Management GmbH	Average Germany
Nuclear power	28,9%	24,9%
Fossil + other energy carriers	51,8%	57,8%
